9 Year Old Author releases Children's Book

To inspire all Children to Love to Read

VALLEJO, CA – On September 1, 2011, 9 year old author Myles Hall unveils his new children's book, *The Fuzzy Pillow*.

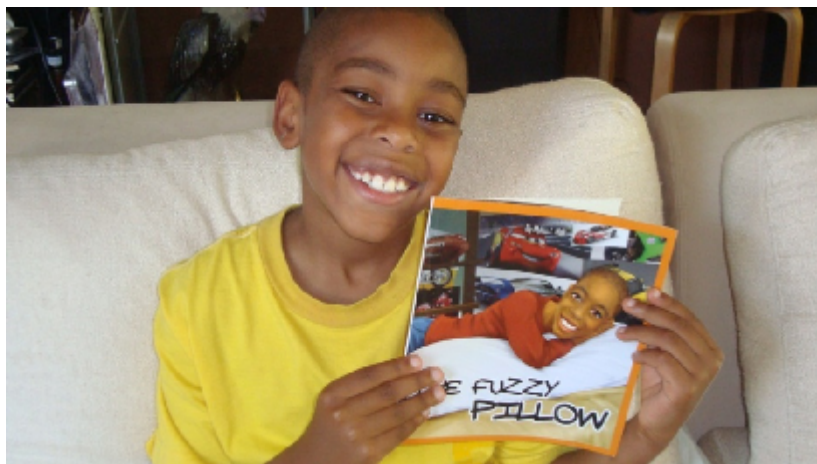

Myles wrote a series of 6 books as a result of a journaling project for his 1st Grade teacher Mrs. Tiffani Reed at Vallejo Charter School. The series of books are about the experiences of a 6 year old surrounding how fun it is to go to sleep, playing, going to school, his favorite food and how much he loves his dad.

“We held the book from being released for the last few years until we thought he was mature to handle the attention that would flow from it. This year we felt Myles was ready and *The Fuzzy Pillow* is being released just in time for Back to School”, says his mother and publicist, K. Patrice Williams.

When Myles was asked why he wanted to publish the line of books he said, “I want kids everywhere to love to read”.
